

Patients' Council Diary of Events Report Form

Event Title	Phoenix Centre Open Event
Date	14th November 2009
Author	Barbara Allen
Overview of Event	<p>The Phoenix Centre in Heywood opened its doors to the public today. My opinion of the Centre is although spacious and light the access to it for this event was not good for the exhibitors.</p> <p>Because of the numbers of exhibitors some had to go into the Civic Hall which meant the members of the public had to go between the two buildings and refreshments had to be obtained from the Civic Hall.</p> <p>For the people of Heywood the services that will be in the centre should make it easier for access as it is in the centre of the town.</p> <p>I had a few complaints from people who said they were disappointed that here were not going to be any GPs in the centre as had been [promised in the beginning.</p>
