

Patients' Council Diary of Events Report Form

| | |
|--------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Event Title | R and D meeting |
| Date | 3^{/11/09} |
| Author | Hazel Healey |
| Overview of Event | The possibility that PC members could become a part of the Review Panel was discussed in order to support the development of skills and succession planning. We discussed the fact that in future, changes to ethics' requirements mean that ethical approval may not be required for studies involve NHS staff or premises, just patients. |
